

Your Clinic, *Online* & Growing.

A tailored digital presence proposal — website, SEO, WhatsApp & more

OVERVIEW

Why Your Clinic Needs a Professional Website

Today, **over 70% of patients search online** before booking a clinic appointment. A professional website builds instant trust, lets patients book directly, and puts your clinic at the top of local Google searches. We specialise in websites for healthcare clinics — fast, mobile-friendly, and built to convert visitors into booked appointments. Below are three packages tailored to different growth stages. **All packages include a 1-year warranty and dedicated support.**

WHAT YOU GET

Core Features Across All Packages

Mobile-First Design

Responsive layout that looks flawless on every phone, tablet, and desktop.

WhatsApp Integration

One-click WhatsApp button for instant patient inquiries and appointment booking.

SEO Optimised

On-page SEO, local keywords, Google-ready structure to rank for nearby searches.

Services Showcase

Dedicated pages for each treatment and specialty offered at your clinic.

Patient Reviews

Display Google reviews and testimonials to build credibility with new patients.

Google Maps Embed

Interactive map, directions, and clinic hours so patients find you easily.

SSL Security

Free SSL certificate included — your site will show as secure in all browsers.

Fast Loading

Optimised images and code ensure your site loads in under 3 seconds.
